

The National Ingredient Center, Inspire and Biopeople co-organize November's main health promoting event in Copenhagen - the Food-in-2 Health Agora, which is supported by DTU and KU, AGORA partners and sponsors

We all WELCOME you as our our guest (free of charge) - to COME and VISIT the Agora 2015 on 11 November, at the University of Copenhagen, Thorvaldsensvej 40, Frederiksberg

Meet > 500 exhibitors and other guests
from companies, universities (researchers and students),
GTS institutions, investors etc.

The Agora is a researcher's market!

- Share knowledge and get the current status of the health promoting environment
- Get inspiration for new collaboration opportunities, projects or something else regarding food, food ingredients, pharma or biotech
- Get the opportunity for close collaboration between relevant players
- Meet public researchers and companies

What happens at the Agora?

- Exhibition
- Thematic workshops
- Project pitching
- Presentations in auditorium
- Informal dating between participating companies, knowledge institutions, students, export players as well as investors

Subjects at the Agora

- Food ingredients, pharma and biotech projects
- Process equipment and optimization
- Measuring equipment
- Bioassays, measuring of bio activity, biomarkers
- Ressource optimization
- Quality assurance and documentation
- Regulatory aspects
- Health claims

By attending on 11 November, you become an active part of the Food-In-2 Health Agora 2015.
Be inspired and make sure to leave your mark
at the interaction between healthy food, pharma, biotech and food ingredients.

Where and when?

11 November 2015
The University of Copenhagen
The Faculty of Science
Marmorhallen
Thorvaldsensvej 40
1871 Frederiksberg C
